## WHAT DOES 'REPOSADO RARE' MEAN?

The world's first Reposado Rare is a limited release offering that combines 100 % Estate Grown Blue Agave from the Highlands of Jalisco with mineral rich water of El Volcan de Tequila. This is then fermented with our own natural yeast influenced by 150 year old mango trees before distilling in Copper Pot Stills. We age this exquisite tequila in a unique manner by using a large American Oak barrel, called a Pipón with a 25,000 liter capacity, for 6 years. By Mexican law, an Extra Anejo must be aged for a minimum of 3 years in a wooden barrel that holds 600 litres or less. However, the Reposado category has no specification on barrel size. Therefore, this complex tequila is aged as long as an Extra Anejo and has exceptional depth on the palate however is only recognized as a Reposado by the governing body, the Consejo Regulador de Tequila (C.R.T)
