EL TEQUILEÑO REPOSADO RARE

The world's first and only Reposado Rare is an exclusive limited release offering that combines only the most coveted 100% Blue Agave from the Highlands of Jalisco with the mineral rich water of El Volcan de Tequila. The extracted mosto is then fermented with our own natural yeast influenced by 150 year old mango trees before distilling in Copper Pot Stills. This exquisite tequila is matured in a slow unique manner by using a large American Oak barrel, called a Pipón with a 25,000 liter capacity, for 6 years.

HISTORY

Named in honor of the people of Tequila, El Tequileño was founded in 1959 by Don Jorge Salles Cuervo with a vision to create only the finest tequila. Sixty years later, El Tequileño is made in the same place using the same recipe by the grandson of Don Jorge.
